Jorgensen: Walker's "Bull in a China Shop" Budget Hits Wisconsin Families Hard

MADISON – State Representative Andy Jorgensen (D-Milton) released this statement, following Governor Scott Walker's budget address:

"Governor Scott Walker's budget is a bull in a china shop. He calls it 'bold,' but we know it's just plain destructive.

"To hide his economic failures and ballooning deficit, Governor Walker is dealing another blow to public education on every level from kindergarten to college, and we will feel the impact of these new cuts now and for generations to come.

"In the years ahead, our children will also face the brunt of Governor Walker's poor financial planning. Yet again, he's putting our infrastructure investments on the state credit card – this time, to the tune of \$1.6 billion.

"We can do better than school funding cuts and bonding – and a better budget is what Wisconsin deserves."
